## **Emergency Operations & Resilience Framework**

# Code of Virginia

**§44-146.19.E** requires each locality/inter-jurisdictional agency to have an EOP and undergo a comprehensive review and revision **every four years**. This Section, also, requires a local government to notify the Virginia Department of Criminal Justice Services (VDCJS) and the Virginia Criminal Injuries Compensation Fund (VCICF) in an emergency (as defined in the EOP) which involves crime victims as defined in §19.2-11.01.

**§23-9.2:9** requires a public institution of higher education to integrate its EOP with the EOP of the local emergency management organization in which it is located... Resource requests from all public institutions of higher education must be channeled through the local jurisdiction to the Virginia Emergency Operations Center (VEOC) as stated in the Virginia Emergency Operations Plan.
